

# Non-Ubertor DNS Server Use Disclaimer

After reading the information in the Knowledge Base article, I understand that I choose to go outside of Ubertor's support policy. I understand that Ubertor is no longer in control of the DNS for my website and that my website may go down in the event Ubertor has to change the IP address of their servers. I acknowledge that Ubertor is not liable for any damage or lost business caused by this.
